

CSS Homework #1

1. Create an HTML file named: *YournameWeb4.html*
2. Type this code:

```
<!DOCTYPE html>
<html>

<head>
<title>Web Page Four</title>

</head>

<body>

</body>
</html>
```

3. In the heading, add information to format the body, like this:

```
body {background-image: _____;
      background-repeat: no-repeat;
      background-position: right top;}
```

For your image, find an image of an animal.

4. In the body, make paragraphs with three different borders: a thick dotted border, a round border, and a border that has different widths or different colors. Change the margin on at least one border. Change the padding on at least one border.
5. Save your webpage. Show it to me in class on Tuesday.
