CSS Homework #2

1. Create an HTML file named: *Yourname*Web6.html

2. Type this code:

```
<!DOCTYPE html>
<html>

<head>
<title>Web Page Six</title>

</head>

<body>

</body>
</html>
```

3. In the heading, add information to format the body, like this:

   body   {background-image: url (_____);
        background-repeat: no-repeat;
         background-position: right top;}

   For your image, find an image of an animal.

4. In the body, make paragraphs with three different borders: a thick dotted border, a round border, and a border that has different widths or different colors. Change the padding on at least one border.

5. Save your webpage. Show me at the next class.
