

HTML Homework #2

1. Create an HTML file named: *YournameWeb2.html*
2. Type this code:

```
<!DOCTYPE html>
<html>

<head>
<title>Web Page Two </title>

</head>

<body>

<h1>This is Heading 1</h1>
<p>This is a normal paragraph</p>
<p1>This is a p1 paragraph</p>

</body>
</html>
```

3. In the heading, create a style list like the one shown below. Enter any colors you want for the background and heading text.

```
<style>
body {background-color: _____;}
h1   {color: _____;}
p1   {font-size: 130%}
</style>
```

4. In the body:
 - a. Include one image that is 200 px wide and 100 px tall.
 - b. Include a one image that is a link to another website.
 - c. Create a favicon for your webpage. Add code to your page so the icon appears next to the title of the page.
5. Save your webpage and your image and icon files in the same directory. Show me your webpage at the next class.
