

HTML Homework #4

1. Create an HTML file named: *YournameWeb4.html*
2. Type this code:

```
<!DOCTYPE html>
<html>

<head>
<title>Web Page Four </title>

</head>

<body>

</body>
</html>
```

3. In the heading, add any style formatting that you want to have on your sheet.
4. In the style section:
 - a. Create a class that makes text into a colored banner.
 - b. Create a class that puts information into a colored box with a border.
 - c. Create a class that changes the appearance of text (color, size, style).
5. In the body:
 - a. Make three banners with song titles or book titles.
 - b. Under the three banners, write song lyrics or a quote from the book in a normal paragraph style.
 - c. At the bottom of the page in the colored box, write the artist or author's name and include a picture of the artist or author.
 - d. Create tags at the top and bottom of the page that I can click to jump to the top and bottom of the page.
6. Save your webpage. Show it to me in class.
